Join child advocates from around the state for Children's Advocacy Day at the Capitol

Children's Advocacy Day at the Capitol provides an opportunity for those interested in children's issues to gather and show our legislators that Kentucky cares about its children. We have folks registered from over 41 counties across Kentucky!

Rally for children's issues at the Capitol rotunda and gather information on children's issues likely to come up during the session. Schedule time to speak with your legislators and meet with people from across the state that share your commitment to children.

Date: Thursday, February 8, 2007
9:30 am- 2:30 pm ET
Location: Capitol Rotunda
